Projects

OUR HOUSE NONPROFIT REDESIGN
UX Designer & UI Designer | *3 Weeks*
- Collaborated with 3 UX Designers to redesign the Our House nonprofit's website.
- Looked over the current website and identified UX issues regarding accessibility, layout, and information structure.
- Designed and prototyped a high-fidelity desktop mock-up in Figma, applied Responsive Web Design for a mobile website, and conducted user interviews and usability testing.

ROOM SHUI (WEBSITE DESIGN PROJECT)
UX Designer & UI Designer | *3 Weeks*
- Collaborated with 3 UX Designers to create a room arrangement/organization website called Room Shui.
- Conducted user research, designed a low and high-fidelity Figma mock-up, and coded a website through Bootstrap4.
- Performed usability and A/B testing and applied feedback.

PLANTAE (MOBILE APPLICATION PROJECT)
UX Designer | *3 Weeks*
- Collaborated with 4 UX Designers to create a plant care mobile application for both new & veteran plant enthusiasts.
- Conducted user interviews and surveys, brainstormed and compared sketches as a group, and iterated on user flows.
- Designed a mid-fidelity mobile clickable prototype in Figma.

Work Experience

INHEALTH MEDICAL EQUIPMENT
Administrative Assistant | *October 2018 to Present*
- Create and submit Excel reports for patient and insurance bill payments for all DME and Neb Doctor companies.
- Act as point of contact between work-from-home employees and in-office employees.

HYH CONSULTING, LLC
Executive Assistant | *June 2017 to August 2018*
- Process insurance paperwork for renewal and new clients.
- Keep track of the office email inbox to look over requests, documentation, and client issues that need to be addressed.
- Reroute phone calls and manage company calendar.
